

# ABOUT US

On Stage brings opportunities to our students such as performing at theme parks such as Disney World and Universal Studios, bringing in guest artists for Master Classes from Broadway and television, taking trips to Broadway and taking classes in NYC, producing full scale musicals, and competing against schools across the country. We offer every level from beginner to advanced, with our advanced students competing and winning regionally and nationally.

We offer classes for those who want to participate recreationally or take the professional track and prepare students for the very difficult audition process for college BFA programs. Our students have gained acceptance to prestigious summer and college programs with the training and preparation they received at On Stage.

# DANCE

## BALLET

The technical foundation for all dance, this class combines, ballet barre, across the floor, centre work and choreography.

## PRE POINTE

With approval from our ballet teacher, students will use bands, scarves, and marbles combined with strengthening and stretching to condition for pointe.

## POINTE

Upon completing Pre Pointe, students will train in ballet "en pointe", fully extended feet on their toes.

## TAP

Combines rhythm, timing, and combination of tap steps.

## JAZZ

A beautiful dance form with a ballet foundation, with many styles set to slow or uptempo music.

## HIP HOP

Mixes Street Dance and Jazz Funk along with freestyle movement.

## LYRICAL

Performed to music with lyrics, this style of dance inspires expression and emotion.

## ACRO

Combines classical dance technique with precision acrobatic and tumbling elements.

# THEATRE

## MUSICAL THEATRE

This class combines voice, acting, and dance in the Musical Theatre/Broadway style. The goal being to create triple threat performers who are equally trained in all three genres. Students work with voice, acting, and dance faculty.

## GLEE

Want to expand the genres of singing? This class teaches Pop/Rock styles of singing. Solo and ensemble singing in harmony to familiar music from past and present makes this one of our most POPULAR classes!

## ACTING

Scene work, monologues, improv, and acting exercises are teaching tools used to guide our acting students through the process of being presented with a script and following through to a performance.

## ACTING PRODUCTION

This class meets weekly and culminates in a performance. An audition for parts is required. Acting Class, listed above is a prerequisite for this class.

## PRIVATE VOICE

Healthy technique in all styles including classical, musical theatre, and pop/rock with the goal of teaching students to be well rounded healthy singers with range and versatility. Voice students will present their work twice per year in our Holiday and Spring voice recitals.

# ATTIRE

With a changing schedule and double the classes, we have implemented a color coded dress code. This will help parents and staff clearly identify which class their child has enrolled in.

With multiple classes on the schedule, this will help alleviate any confusion with class communication.

Dancers will have colored leotards and musical theatre students will have a t-shirt provided and included with registration.

# CLASSES

On Stage reserves the right to reschedule and or combine classes or to provide a substitute, if needed.

On Stage reserves the right to move to an online platform due to a government advisory.

On Stage reserves the right to change and or adjust the schedule due to enrollment, advisories, and other unforeseen circumstances.

# COMMUNICATION

Monthly/Bi Monthly Newsletters are sent via email as well as posted on social media to keep families up to date with happenings, dates, and events at On Stage.
